Statement of Purpose

Taiwan Theological College and Seminary was founded in 1872 and in 2009 the Post-graduate Department was established to provide programs for the degrees of Master of Theology and Doctor of Philosophy. The establishment of the Post-graduate Department is designed to connect our faculty members with other theological academicians so that students are able to engage in advanced academic research in Asia. As such, students are able to acquire a well-recognized diploma.

- (i) To assist, especially those in the Asian regions, who have acquired basic theological degrees and who possess research abilities that straddle the boundaries of ethnicities, cultures, and nationalities; to offer an environment and resources that enrich one's faith and academic research;
- (ii) To nurture potential students who have the ability to do professional theological research, writing and teaching; to provide critical thinking and reflections on the current inter-related socio-cultural thought and trends;
- (iii) To provide a platform for networking in the various areas of theology; to have communication regarding studies on Christian Thought with other research organizations, such as colleges and graduate schools.
